BARBARA P. WANNER
Vice President, ICT Policy
(202) 617-3155, bwanner@uscib.org, @BarbaraPWanner

Barbara Wanner directs USCIB's work on information, communications and technology issues. In that capacity, she works with members and government officials on a wide range of international business issue that include: advocating for the continuation of the multistakeholder model of Internet governance and for policies aimed at promoting the stability, openness and innovative flexibility of the Internet; promoting privacy and security regulations that are grounded in risk management and enhance user trust; and pressing for the conclusion of trade agreements that foster cross-border flows of data and maintain open markets for ICT products and services. By working through USCIB's international affiliations and directly with the U.S. government, Wanner provides an American business perspective at international negotiations on ICT issues. She represents USCIB members' interests in several international forums, including the UN, APEC and the OECD.

Prior to joining USCIB in October 2012, Wanner served as director of the Global Services Summit at the Coalition of Service Industries (CSI), where she planned all aspects of CSI's annual international summit and staffed CSI's ICT working group. Wanner has also held positions at the U.S. Asia Pacific Council of the East-West Center, the International Electronics Manufacturers and Consumers of America, the Japan Economic Institute, and on Capitol Hill. She holds a master's degree from Columbia University and a bachelor's degree from Bucknell University.
