

PETER ROBINSON

President & CEO

EXPERTISE

- International Regulatory Diplomacy
- U.S. & Global Trade Policy
- International Organizations
- Climate Change

PRESENTATION TOPICS

- **Innovation, Connectivity & Security: Navigating the Digital Economy** – A perspective on the unprecedented challenges presented in the Internet economy surrounding openness and innovation, evolving jobs and skills and cybersecurity and privacy
- **How American Companies Work in a Globalized World** - An examination of the development of multinational firms and how connecting with the world impacts U.S. economic growth
- **International Organizations: Why They Matter for Business** – An intriguing analysis of the role of international organizations and how they support national interests, bring value to the private sector and mitigate regulatory risk
- **Reflecting on the Future of Climate** – Insight and analysis on what is next for climate change and the prospective impact on U.S. business, coming on the heels of the climate talks in Paris

BIO

Peter Robinson serves as President & CEO of USCIB. He has established some of the organization's key practice areas including e-commerce and customs/trade facilitation. He has extensive experience with USCIB's global network of business affiliates, enabling him to lead the organization's work in international regulatory diplomacy. Robinson is an appointee to the President's Committee on the International Labor Organization as well as to the Trade and Environment Policy Advisory Committee (TEPAC) to the United States Trade Representative. He was recently appointed to the International Organization of Employers (IOE) Management Board and serves as Regional Vice President for North America. He is a member of the Economic Club of New York and a fellow of the Foreign Policy Association. Robinson holds a bachelor's degree in international relations and German from the University of Delaware and a master's degree from Columbia University's School of International Affairs.
